

HIGH MOWING SCHOOL | ABSI

...PREPARES STUDENTS FOR SUCCESS

...ENABLES STUDENTS TO THRIVE

...GIVES STUDENTS WHAT THEY NEED

HIGH MOWING SCHOOL

Founded in 1942, High Mowing School (HMS) is an accredited Waldorf co-educational high school serving day and boarding students from Preschool to Grade 12 in Wilton, New Hampshire. High Mowing School is a place for young adults to grow intellectually, artistically, and socially while living and learning with students from across town and around the world. High Mowing School recognizes every student's potential, stirs their passions, nurtures their innate human sympathies, and helps them develop their intellectual, artistic, and physical capacities.

The HMS curriculum is based in the wisdom of Waldorf pedagogy and nurtures the interests of today's young people. By meeting the students where they are in their journey, and by infusing art into every academic setting and incorporating music and movement into the broader curriculum, the Waldorf approach offers a holistic, compassionate education for the 21st century.

HMS offers a vigorous program of arts-infused academics within a small and friendly school community, where young people and adults have the opportunity to form authentic and meaningful relationships. HMS provides a complete program of humanities, math, science, world languages, fine arts, practical and performing arts, diverse movement education and individual interest electives — all immersed in and surrounded by nature.
